

“For there is always light...

If only we're brave enough to see it...

If only we're brave enough to be it”

— Amanda Gorman,
National Youth Poet Laureate

What is Horizons Heroes?

Horizons Heroes is a giving community designed for donors who want to make a significant commitment to support the transformation journey of our Horizons at EA students. Participating donors assist in funding the Horizons student's experience at an annual giving level for 3 years. The minimum annual commitment is \$2,500, the average per student cost of our signature six-week summer learning program.

Becoming a member of Horizons Heroes allows you to support the journey our students travel as they master academic content, learn to swim, explore college and career options, and most importantly, discover their place in our community. You will receive updates about the student experiences and have an opportunity to volunteer with the students throughout the year. You will be a part of their special quest to realize their full potential and have the benefit of watching them grow year after year.

How does your sponsorship help?

Through your continued support year after year, your sponsorship will help change the life trajectory of our students by offering :

- Six-weeks of full-day summer learning in an engaging classroom setting focused on literacy and STEAM
- Two nutritious meals and one snack daily
- Swimming instruction, art, drama, recreation and other enrichment
- Field trips to cultural and curriculum based venues across the region
- Opportunities for college and career exploration
- Daily transportation to and from our program
- Saturday enrichment programming throughout the year
- Year-round tutoring

Connecting with our Students

One of the most rewarding aspects of Horizons Heroes is getting to know more about our students and seeing firsthand how your generosity positively affects their lives.

As a donor, you can expect:

- To be sent an update twice a year on our students' experience and progress in the program
- An invitation to visit Horizons at EA's program during the summer and to serve as a volunteer
- Additional opportunities to engage with Horizons at EA, including invitations to exclusive events, a chance to involve your family or employer in activities, and more

Becoming a member of Horizons Heroes illustrates your commitment to the children we serve by choosing to help light the path on their journey of exploration and growth. – a testament to your belief in their ability and importance in our greater community.
